

# OMCAP

## BY OMSA<sup>®</sup>

MADE FROM  
**STAINLESS STEEL**

Electrostatic paint coating, 4 mm tempered glass, and a waterproof construction ensure durability and long service life. Its disassembled structure allows for easy installation, while the integrated rail system adds convenience by enabling the attachment of various accessories.

It is manufactured from 1 mm thick 430-grade stainless steel.

The product features 4 mm tempered glass with a special smoked finish.

Built to withstand the elements, the product is completely waterproof.

Interior Lighting and Break Light are included as standart equipment.

The rear glass is included as standard equipment and is made from 4 mm transparent glass.

Electrostatic Paint

Product Weight: 80 - 85 Kg
